President's Message Does Not Necessarily Mean War With England.

SALISBURY HAS A WAY OUT.

THE NORTH ATLANTIC SQUADRON.

Proposed Winter Evolution Cruise May Be Abandoned-Want the Warships Close to Home In Case of Trouble, Many Senators and Representatives Personally Congratulate Mr. Cleveland. Preparation of the Noted Message Congressional Proceedings.

Washington, Dec. 19. - President Cleveland had many callers yesterday, mostly senators and representatives, who came to congratulate him upon the attitude he had assumed in his message. The telegrams which began to come in expressed themselves in conversation Tuesday commending his course were supplemented by letters coming through the mails. Secretary Olney also had his share of callers.

Although there is nowhere a suggestion of any abatement of our claims, and indeed it is generally recognized that by announcing his determination

mission, the president has left no avenue for retreat, it is still confidently believed here that the difficulty can and will be settled peaceably and with honor to all parties concerned. This belief is based upon the expectation that Great Britain, as Lord Salisbury has indicated in his last note, will re-establish diplomatic calling on the president for information relations with Venezuela. As the revo- as to British or Canadian occupation, lution with venezuera. As the revo-lution in that country has been quelled and the intervational pages Lord Salia United States territory of Alaska. and the international peace Lord Salisbury demanded as a condition to a resumption of Venezuelan negotiations is restored, he will treat the subject, it is believed and as he practically promises in his note, in a more compliant spirit than the British government has exhibited heretofore in the negotiations, and thus speedily reach an arrangement satisfactory to Great Britain and Venezuela, and so, as a natural result, acceptable to the United States.

In this way Great Britain would avoid any concession of the right of a third party to interpose, and likewise escape an admission of the acceptability or applicability of the Monroe doctrine. It is entirely probable that Great Britain will abstain from presenting any evidence in support of her title to the commission, for by so doing she would admit our right to interpose, which is the vital point in the controversy, so that the commission's report is likely to fall subject to the same criticism that Lord Salisbury applied to Secretary Olney's statement, namely, that it is exparte and based entirely on the Venezuelan day admitted that they had forwarded

Lord Salisbury's responses to Secretary Olney's arguments are not regarded mand temporarily when Captain Healy in official circles in Washington as being weighty or logically strong. The parallel he seeks to draw between the Alaskan boundary question and the Venezuelan boundary controversy utter-ly falls, it is said, when viewed in the light of the definition of the Alaskan boundary given in the Russian treaty of session. As for his objection to the injection of the Monroe doctrine into international law and the making of new international law by the United States, it is recalled that international law, as Speaker Reed once remarked of parliamentary law, "is not an exact science;" that it is made and amended from time to time by nations able to support their views, and that the United States has as sound a right to apply this doctrine to American affairs as had some of the European powers by com-bination to regulate affairs in Europe and force their views upon Oriental na-

Returning to Washington Sunday afternoon he had a conference with Secretary Olney and Secretary Lamont that night, and then sitting down to his desk, he worked unremittingly until nearly 4 o'clock Monday morning. Patriotic Measures Introduced.

The senate shared the prevalent sentiment of belligerency yesterday, and from the outset of the session the measures proposed breathed a spirit of emergency that might arise concerning Venezuela. The first bill introduced was that of Mr. Chandler of New Hampshire, providing an appropriation of \$100,000,000 for a heavy increase in the national armament. This was quickly followed by propositions authorizing the secretary of war to purchase a late device of heavy battery and for a report on the feasibility of equipping for service the old ship Constitution.

Mr. Hill of New York added to the suggestions of defense by asking immedigestions of defense by asking immediate consideration for a bill making exconfederates eligible to service in the army and navy. Aside from these steps inaugurating legislation, the day passed without decisive action on the Venezuela question. The senate agreed to a resolution, introduced by Mr. Davis,

Georgia Populists Do Not Enthuse Over the Noted Ohlo Commonwealer,

ATLANTA, Dec. 19 .- The state convention of the Populist party met yesterday in the hall of the house of representatives for the purpose of appointing delegates to the next national convention. The feature of the meeting was a snul to General Coxey, who came near being refused an invitation to speak last night. He was not even invited to a seat on the stand, but occupied unnoticed a seat near the door.

The convention was largely attended. Thomas O. Watson was the leading spirit of the meeting, the chief business of which was the selection of 52 delegates to the national convention.

A resolution to invite Coxey to speak met with cries of "No! No!" and was declared carried by the chairman after a few faint yeas and many loud nays.

Philadelphia Traction Lines.

Day-Strikers Say They Are Gaining Recruits Every Hour-Governor Hastings Has the Militia Ready-Arbitration Called For.

PHILADELPHIA, Dec. 19.—The second day of the traction strike closed with every wheel yet at a standstill. Excitement was at high pitch all day, but the formidable police arrangements prevented any serious outbreaks. The calm was not natural and more violence is expected. A few cars were run yesterday over branch lines, guarded at all points by armed policemen. In many instances they carried their revolvers drawn. The mobs were no smaller but few attempts to stone cars were made. will surely come the moment an effort is made to operate the cars without this heavy guard, This is the universal opinion

Rumors were plentiful, both as to trouble ahead and as to speedy settlement of the contest, but at midnight both sides appeared to be firmer than ever. The strikers declare that they are gaining recruits every hour. It was asserted last night that a prominent lawyer was making overtures to both sides looking to a settlement by arbitration through a committee to be appointed by a high city official. Nothing confirmatory or contradictory to this can be learned.

One rumor last night was to the effect that the company had made con-cessions and that the strike had been declared off. Any knowledge of such a decision was denied by General Mana-

ger Beetem.

Mayor Warwick has been at his office almost uninterruptedly for the past 48 hours, and has a special wire to Goverures proposed breathed a spirit of nor Hastings at the executive mansion patriotism and of preparation for any in Harrisburg over which they are in constant communication. Troops are ready to be on the streets in Philadelphia within an hour after a request is made for them. A number of arrests were made yesterday on charges of inciting to riot. Nearly all the prisoners were held in bail.

Almost the entire board of directors of the Traction company conferred with the mayor yesterday. It is asserted that all of them except President Welsh were in favor of making some concessions, but he emphatically put his foot down against any such action.

Late last night it was announced that a strikers' committee of two was in conference with the mayor, laying before him their grievances in case arbi-tration should be resorted to.

About 25 electricians of a branch line applied to the strikers for admission to the amalgamated association. It is rumored that should the conference with the mayor prove unsatisfactory all the

An appeal to the public signed by well known citizens was issued urging that a public demand for arbitration be It asserts that the strikers are willing to have this action taken, but that all appeals to the traction officials to consent to the step have failed. CAPTAIN BASSETT DEAD.

Was Appointed a Page In the Senate by Daniel Webster.

Washington, Dec. 19.—Captain Isaac Bassett, the venerable assistant doorkeeper of the national senate, died yesterday afternoon. He was 76 years old, and had been an employe of the senate for 65 years, having been appointed a page by Daniel Webster when only 11 years old. During the subsequent years he became a messenger and finally assistant doorkeeper.

### What, if Not Miraeles?

The great Four-C Remedy is doing work wherever introduced as nearly miraculous as it ever falls to the lot of any buman agency to do (we will esteem it a favor for any one interested to write the persons whose names appear below or any one whose name may

appear among these testimonials.)

There is actually more FORCE and "GETTHERE" properties in a bottle of Four-C than in a gallon of ordinary cough medicine.

"In compounding it I have followed in no 'ruts" or used the prescription of no Dr. So-and-So of Amsterdam or Loudon, or any other place. I owe its composition to NO ONE IN NO SINGLE PARTICULAR. Neither is it made of herbs. and roots dng in the dark of the moon in the jingles of Africa or South America.

The demand for the COUGH, COLD and CROUP CURE, and its WONDERFU

success has been ELECTRICAL. Nothing in the whole history of cough and cold medicines can compare with it.

No disease of the lungs seems able to resist its curative properties, as is well proven by the numerous cases of La Grippe Cured, Croup Cured, Tonsilitis Cured, Phenmonia Cured, Bronchitis Cured, Consumptives greatest help if not cure, Dry, Hacking, Harsh Coughs of weeks' and months' stending cured with

my friends,

READ THIS WONDERFUL TESTIMONIAL FROM AN EDITOR

Gentlemen:—I believe it my duty to write you a line in regard to the beneficial effects of your "Four-C Remedy," so far as I aim personally concerned. A week ago last Thursday I was taken with a very severe attack of La Grippe, and in a short time becan e so hourse I could not speak above a whisper. I was confined to my bed the greater part of several days. The night previous I had coughed nearly the entire night; just effore retiring I took a teaspoonful, and slept the entire night as sweetly as ever I did in my life, not coughing once. I was entirely relieved before taking one bottle. Phelps Cough, Old and Cron 2 Cure should be in every household in the land. I send you this wholly unsolicited by any one, for you are benefactors of the race in giving it the antidote for some of the worst afficiations to which it is heir.

DEAR SH:—As a rule I have been skeptical of the merits of proprietary medicines, but have to confess that a test of your Four "C" is convincing that at lease one ready-made remedy is worthy of general use. My children all take it without the least objection, and it is particularly noticeable that benefit is almost immediate. A sim le dose will eneck most coughs in the beginning. We now enjoy unbrosen rest at night. In my family Four "C" is simply indispensable, and I recommend it unqualifiedly.

CHICAGO, September 25th, 1894.

For years back each winter I have suffered with acute Laryngitls. Last winter was so had I could not leave my room for two weeks or speak above a whisper. Liried every known cough preparation from cough drops up and down with no relief, then in desperation I was induced to try Phelps' Four "C." The first dose relieved my cough, giving me the first night's rest for weeks. Half the bottle cured me. I have never been without this wonderful remedy since. It is as different from other like remedies as molasses from vinegar or sugar from sand.
